Internal Examination Committee

Mechanism of internal assessment is transparent and robust in terms of frequency and mode

The college has transparent and robust evaluation process in terms of frequency and mode. In order to ensure transparency in internal assessment, the system of internal assessment is communicated with the students well in time. The Principal holds meetings of the faculties and directs them to ensure effective implementation of the evaluation process. At the entry level, admissions are given purely on merit basis and the lists of merit students are displayed on Notice board. Students who are admitted for the concerned course are assessed continuously through various evaluation processes at college and University level. Continuous evaluation is made through Group Discussion, Unit Tests, Common test, Assignments Submission, and Seminars Presentation. Unit tests and Common tests are conducted regularly in each semester as per the schedule given in academic calendar. The unit test is conducted for 20 marks and Common test is conducted for 80 marks. The performance of the students is displayed on the Notice board and communicated to the students. Personal guidance is given to the poor performing students after their assessment. Students appearing for Second /third year are asked to deliver the seminars of the concerned subject. Topics are given by their teachers to the students to prepare for power point presentation.

For transparent and robust internal assessment, the following mechanisms are conducted by Internal Examination Committee.

- Question Paper Setting.
- Conduct of Examination
- Result display
- Interaction with students regarding their internal assessments.

The method of internal assessment helps the teachers to evaluate the students more appropriately. Due to internal assessment, the interest of the student towards learning and attending the classes has been also increased. It has created the interest among the students to take active participation in various co-curricular and extra-curricular activities for their overall personality development. The seminar presentation improves the communication skills among the students which is very essential to face the interviews. In this way mechanism of internal assessment is transparent and robust.

Internal Exam Committee 2023-24

Mechanism to deal with examination related grievances

There is complete transparency in the unit test, common test and internal assessment. The criterion adopted is as directed by the university.

- At the beginning of the semester, faculty members inform the students about the various components in the assessment process during the even and odd semesters.
- The unit test, common test and internal assessment test schedules are prepared as per the academic calendar and communicated to the students well in advance.
- The time table of unit test, common test and internal assessment are displayed before Fifteen days to ensure proper conduct of unit test, common test and internal assessment tests.
- Evaluation is done by the course handling faculty members within three days from the date of examination.
